

Era Polymers Distributors for SAIP Machinery

Excellence in Polyurethane Chemistry

Era Polymers are the distributors for **SAIP Machinery** in Australia, New Zealand and Indonesia.

SAIP an Italian company established in 1978 has been designing and building customised polyurethane foam processing systems and machines for 40 years.

SAIP offer complete production line solutions for; continuous and discontinuous production of sandwich and composite panels; complete solutions for the insulation of domestic and commercial appliances with expanded polyurethane; special systems for thermal insulation and pipe joints; specific technical solutions for turn-key projects and much more.

Their range also includes a vast set of technologically advanced and extremely competitive dosing units including high and low pressure dosing machines and low pressure elastomer dosing machines.

**SAIP LOW PRESSURE
FOAM DOSING UNIT
MODEL SDD**

SAIP are working closely with **Era Polymers Machinery Department** and their customers to provide them with the very best machinery to meet their polyurethane processing needs.

To find out more about **SAIP's Machinery** please contact **Era Polymers Machine Specialist Tom Butt** - tom@erapol.com.au
